

## CD Media Release

3pm, Sunday 28<sup>th</sup> August, 2005

### RUCKUS LAUNCH THEIR HIGHLY ANTICIPATED SELF-TITLED CD!!!!!!!!!!!!

Ruckus have peaked early with this awesome first CD release....."we are truly ecstatic with the finished product, fine-tuned by the magic touch of Marshall and Gavin Parker, and the mastering prowess of David Briggs".

The band evolved from various previous line-ups pre-2003. Founding member and guitarist, Mick Abrey had previously played in bands with Sandie Himbury (vocals), Marcela Koldova (violin), Barry Tiplady (bass) and Andy Costello (drums). The current line-up has been solidly performing their material to a growing army of "Ruckettes". Their material features an eclectic mix of southern rock and country.

The name "Ruckus" evolved from a particularly eventful night experienced by some of the founding band members at an outer suburban venue of questionable repute.

The CD comprises of 3 mighty "Aussie" country originals and 4 killer southern rock covers that have already attracted major interest from various national country notables. The CD's *single*, "**Dance Cowboy Dance**" takes a slapstick slant of a cowgirl's view of the country singles bar scene. "**Life is Good**" is an up-tempo take on the 'iconic' great Aussie BBQ ("*shindigs with your mates on the weekends*"). "**Pick Yourself Up**" was penned during a recent dark patch experienced by two of the band members and truly encapsulates the Aussie underdog's resilient spirit.

The Cornish Arms Hotel was the natural choice for the band 1<sup>st</sup> CD release. This venue truly represents and supports all genres of Melbourne's live music scene. The Ruckus CD launch will deliver their full arsenal of songs.....please join them to celebrate this inaugural milestone!!!!
